Our object is to have it introduced without delay, so as to sell thoesands at the regular price. \$5.00, and to this end I am willing to offer First One at \$2.50 as every one sold sells others. We ask in return that you show the instrument to your friends who are sure to order a tregular price. The instrument speaks for itself,—it sings its own praises. A mere Child can play it. Its adapted for Singing Farties, Dancing Forties, and for the Winter Evenings Entertainment. Simply turning the little crank feeds the music strips, blows the bellows, and produces the music. The music is as melodious and sweet as a cabinet organ. Hundreds of the most popular tunes are ready; the music costs but a few cents per tune, and lasts for years. A selection of music rocs free with each one. The ORGAN-ETTA is the sweetest, and most interesting musical instrument yet produced, and will repay its cost in genuine enjoyment a hundred fold.

SPECIAL 30 DAY OFFER. To introduce our FAMILY STOREY PAPER, AT ONCE, the Organetta, exactly the same as we sell for \$5.00. You should order im mediately, and inno case later than 30 days from the time you receive this paper. If you do not wish the instrument yourself, you should avail yourself of this great offer AT ONCE, even if you are obliged to borrow the money, as you can easily sell the Organetta and realize a good profit. No such offer was ever made or will be again. Take advantage of it while the opportunity is yours. OUR PROFIT must come from future sales. OUR CONFIDENCE in its Genulous Merits is so great, that we believe when one is introduced in a town or village it will sell a dozen or more at the regular price, and we desire to make each purchaser from a town our agent, and if you can help us to introduce them to your friends, we shall esteem it a great favor.

Enclose \$2.50 with this notice, and we will ship the Organetta at once.

Of course, if you will allow yourself to be fooled into trying something said to be just as good as The Frank Siddalls Soap, you must expect to be disappointed. Next time get THE GENUINE, follow the directions and your wash-day troubles will be over, and your hands will keep soft and smooth.

And now for the easy, sensible, genteel, ladylike clean, neat, practical, plainly worded common - sense and easily understood Frank Siddalls way of washing clothes.

Any child over 10 or 12 years of age who is not a clam will have no trouble in following these directions Always cut the Soap in half; it makes it go farther.

FIRST-Dip one of the garments in a tub of lukewarm water; draw it out on a wash-board and rub the Soap LIGHTLY over it so as not to waste it, being particular not to miss soaping any of the soiled places. Then ROLL IT IN A TIGHT ROLL, just as a piece is rolled when it is sprinkled for ironing, lay it in the bottom of the tub under the washboard, and go on in the same way until all the pieces have the soap rubbed on them and are rolled up.

Then go away for 20 minutes to one hour-by the clock-and let The Frank Siddalls Soap do its work. NEXT-After soaking the FULL time, commence rubbing the clothes LIGHTLY on a wash board, AND THE DIRT WILL DROP OUT; turn the garments inside out to get at the seams, but it will not be necessary to use any more Soap; DONT SCALD OR BOIL A SINGLE PIECE, OR THEY WILL TURN YELLOW; and DONT wash through two suds. If the wash-water gets too dirty, dip some out and add a little clean water; if it gets too cold for the hands, add some hot water out of the tea-kettle.

If a streak is hard to wash, rub some more Soap on it and throw the piece back into the suds for a few minutes NEXT COMES THE RINSING—which is to be done in lukewarm water, and is for the purpose of getting the dirty suds out, and is to be done as follows: Wash each piece LIGHTLY on a wash-board through the rinse-water (without using any more Soap), AND SEE THAT ALL THE DIRTY SUDS ARE GOT OUT. ANY SMART HOUSEKEEPER WILL KNOW JUST HOW TO DO THIS.

NEXT, the Blue-water, which can be either lukewarm or cold: Use little or no Blueing, for this Soap takes the place of Blueing STIR A PIECE OF THE SOAP in the Blue-water UNTIL THE WATER GETS DECIDEDLY SOAPY. PUT the clothes THROUGH THIS SOAPY BLUE-WATER, wring them, and hang up to dry WITHOUT any more RINSING and WITHOUT SCALDING or BOILING A SINGLE PIECE.

Afterwards soap the Colored Pieces and Colored Flannels, let them stand 20 minutes to one hour, and wash the same way as the white pieces, being sure to make the last rinse-water soapy.

A Wash-boiler MUST NOT be used. NOT EVEN TO HEAT THE WASH-WATER, and as the wash-water must only be lukewarm, a small kettle holds enough for a large wash.

A Wash-boiler will have a deposit formed on it from the atmosphere, in spite of the most careful housekeeper, which injures some of the delicate ingredients that are in this soap.

Be sure to heat the water in the Tea-kettle the first time, no matter how odd it seems

Wash the White Flannels with the other White Pieces. Be sure to always make the last water soapy; the clothes will NOT smell of the Soap, but will be as sweet as if

never worn, and stains that have been overlooked in washing will bleach out while drying, and the clothes will iron easier. Always dissolve a small piece of Soap in the Starch;

it makes the ironing easier and the clothes handsomer. The Frank Siddalls Soap washes freely in hard water without Soda, Lye, or any other washing compound.

DONT USE Borax, Ammonia. Soda, Lye, or any other soap or washing compound on any of the wash.

THE MOST DELICATE COLORS WILL NOT FADE WHEN WASHED THIS WAY, BUT WILL BE THE BRIGHTER.
